

PUBLIC NOTICE

PRE-CONSTRUCTION CONDITION SURVEY

The National Infrastructure Development Company Limited (NIDCO) wishes to advise the public of the pre-construction inspections of lands and buildings surrounding the site of the ANR Robinson International Airport (ANRRIA) Expansion Project.

WHAT?

Pre-Construction Condition Surveys will be conducted on properties within 100 metres of the project site.

WHEN?

Pre-Construction Condition Surveys are scheduled to take place from Monday 21st September 2020 to Monday 12th October 2020.

WHERE?

Pre-Construction Condition Surveys will be conducted in the following areas:

- **North: Between Store Bay Local Road and Store Bay Branch Road**
- **East: Between Gaskin Bay Road and Kilgwyn Bay Road**
- **West: Between Crompton Road and John Gorman Trace**

WHY?

The Pre-Construction Condition Survey ensures that any damage to surrounding properties that occurs as a result of construction activities can be quickly identified and rectified. This is an essential part of the construction process, and is beneficial to owners of properties directly outside of the construction zone.

Please note that this is NOT a land acquisition exercise. The basis of this survey is for the protection and preservation of all properties surrounding the ANRRIA Project.

We thank you for your understanding and continued support during the construction of the ANRRIA Project.
