

REQUEST FOR QUOTATION

THE REMOVAL, FABRICATION AND INSTALLATION OF A COMPLETE EXHAUST SYSTEM AND STAINLESS STEEL COOLING TIP ON A WATER TAXI VESSEL

SCOPE OF WORKS

Key elements of work include but are not limited to the following:

- Removal of old Exhaust and Piping including hatch cover.
- Fabricate all piping rolls using A-36 carbon steel (Mill certificate to be provided).
- All materials and consumables used must be Type Approved DNV.
- Machine all flanges using Q3197 16V200M72 Exhaust System drawing.
- Start fabrication and tack/site welding process as per Q 3197 16V200M72 Exhaust System drawing.
- Mobilize equipment to San Fernando terminal for collection of old cooling tip to copy dimensions.
- Fabricate double wall water injector (cooling tip) in stainless steel including raw water connection 3" NB table D, taking in consideration all internal fins and openings using the old one as template.
- Weld completely using DNV Certified welders and procedures for carbon steel and stainless steel.
- Mobilize complete exhaust, tools and equipment from Contractor's workshop to Trini Flash at WTS San Fernando Terminal.
- Rig up scaffolding and hoisting system to remove hatch cover and lower exhaust pieces into position.
- Rig up exhaust using all new certified bolts, gaskets etc. (MSDS to be submitted with service report).
- Manually install cooling tip using new gaskets and bolts etc.
- Dye penetrant testing to ensure no leaks.
- Replace hatch cover and bolt into place.
- Start engine and check for leaks with NIDCO personnel present (by NIDCO independent contractor).
- Demobilize all tools and equipment to Contractor's workshop.

PRE-SUBMISSION MEETING

Prospective Bidders are invited to a Pre-Submission Meeting scheduled for **Friday 12th March, 2021 at 10:00 a.m., via Zoom.** (Prospective Bidders are kindly asked to email secretarytenders@nidco.co.tt on or before Thursday 11th March, 2021 for Zoom details). A Site Visit will follow thereafter where it will be MANDATORY that all persons attending wear a face mask.

ELIGIBILITY

This RFQ is open to all respondents who can demonstrate they have the experience, technical and financial expertise to provide the required services.

Mandatory Documents –

Quotation must be accompanied by the following:

- Valid Income Tax and Value Added.
- Tax Clearance Certificates issued by the Board of Inland Revenue.
- Contractor(s) DNV carbon steel and stainless steel certificates for the welder(s).

Proposals shall include: **Organizational Background, Financial Capability, Experience in undertaking similar projects, Implementation Plan and Qualifications and Experience of Key Staff and Management.**

The NIDCO does not bind itself to accept the lowest or any tender. NIDCO reserves the right to award a single contract for the full quantities stated in the Technical Specifications or to award separate contracts for lesser quantities as the Company sees fit.
