

INVITATION TO 2nd VIRTUAL PUBLIC CONSULTATION

ESTABLISHMENT OF A FISHING PORT AT GRAN CHEMIN, MORUGA (CEC 5601/2018)

The Government of the Republic of Trinidad and Tobago (GORTT), through the Ministry of Works and Transport (MOWT) has proposed the construction of an Offshore Fishing Port at Gran Chemin, Moruga on the south coast of Trinidad. This Offshore Fishing Port will work in tandem and offer support to the Onshore Fishing Facility which is currently being constructed under a separate CEC. In keeping with the requirements of the EMA, NIDCO will be hosting the 2nd virtual public consultation on:

Wednesday 26th January, 2022 at 5:30pm

(event will last approximately 120 minutes)

Please register in advance at tinyurl.com/moruga2022pc or

Join us live on facebook.com/nidcoltd and tinyurl.com/NIDCOyoutube

Agenda:

- Provide updates on the project design
- Present the findings of the EIA
- Discuss ways in which the project impacts will be managed or mitigated
- To highlight how initial concerns and earlier feedback received were addressed

A summary leaflet will be delivered to households in the project community via TPOST. This leaflet, the EIA Terms of Reference, and a summary from the first event can be viewed at www.nidco.co.tt or facebook.com/nidcoltd

For further information, contact:
