### TRAVELLERS REVIEW

"I am booked to travel to Tobago this morning and like last week I did not get a booking for my vehicle and at present waiting in the Standby Tent.

This message is simply to say that I am impressed with the dress, deportment and conduct of the Officer who is coming periodically to brief the Standby passengers." Happy Traveller

"It is with great pleasure that I send you this congratulatory note with regard to my experience with the Tobago Ferry this past Easter Weekend. I found the service to be of a very high standard overall. The different aspects of the service: check-in, boarding, cleanliness, catering, announcements, Covid 19 protocols and disembarking to be professional in all their aspects. Staff were courteous and friendly and I saw a genuine attempt by everyone to 'get it right'. This is true for both Tobago and Trinidad operations.

Please send my warmest regards to the teams and encourage them to keep up the good work. We are very proud of their accomplishment. If there is anything I could change would be the rough seas that had my young son vomiting his poor stomach out. This I know is beyond your control but even in this, the staff were always on spot to provide bags and demonstrate their compassion for his predicament. I am confident that I speak for my entire family when I send a special 'thank you' to the management and staff of TTITC and best wishes for the future" - Traveller

"We took a friend to Tobago who we were unaware had significant walking disability. The vessel folks and ship crew were very helpful with elevator assistance and helping this lady to get in and out of my vehicle with patience and care. It was refreshing."
