NIDCO

ADVISORY ON THE M.V. GALLEONS PASSAGE

The National Infrastructure Development Company Limited (NIDCO) advises the public that the Galleons Passage has been taken out of service to undergo its annual CLASS Recertification – which enables the vessel to obtain its permit to operate.

The current certification process requires dry-docking of the vessel. However, since the local dry dock facility is now unavailable, NIDCO has been working with dry docks in the region to secure a suitable facility.

The public will be advised further when these arrangements are finalized.

In the meantime, the APT James and the Buccoo Reef will continue to accommodate all passengers travelling between Trinidad and Tobago.

END.
