

REQUEST FOR PROPOSAL #2404/02

LEASE OF A SEMI-SUBMERSIBLE BARGE

The Government of Trinidad and Tobago (GORTT), through the Ministry of Works and Transport (MOWT) is desirous of leasing a semi-submersible barge to be utilized as a floating dry dock (FDD) to service the GORTT's vessels pending the delivery of a new build FDD. The MOWT through the National Infrastructure Development Company Limited (NIDCO) is inviting Respondents with the requisite technical experience to submit a proposal for the lease of a semi-submersible barge for a period of two (2) years with the option to renew for an additional year. The Barge is expected to go into service by the end of September 2024. Delivery of the barge must facilitate this service date.

Tobago Shipping Act, international Tonnage Certificate (1969) Respondents. The proposed barge must have been designed, constructed and maintained in compliance with the relevant requirements of an internationally recognized and approved Classification Society. Late submissions will NOT be considered under any circumstances. NIDCO will consider any offer that closely matches the abovementioned Internationally recognized and approved Classification Society. International (1969)	option to renew for an additional year.		end of September 2024. Derivery of the barge must facilitate this service date.
