

INVITATION TO PUBLIC CONSULTATION

Reconstruction of the Bridge: CP40 B1/1 Eastern Main Road, South Quay

The Government of the Republic of Trinidad and Tobago, through the Ministry of Works and Transport (MOWT) and the National Infrastructure Development Company Ltd. (NIDCO) has commissioned this project under the Bridges Reconstruction Programme Phase 3 Package E. Replacement of the existing bridge is necessary to provide safe transportation infrastructure for commuters.

The objective of the Bridges Reconstruction Programme is to modernise the country's existing bridges to improve vehicular and pedestrian safety and convenience while using the roads and highways. Communities within the proximity of the reconstructed bridges will benefit from improved accessibility to services and facilities in shorter times with less wear and tear on motor vehicles.

A virtual public consultation is scheduled regarding reconstruction of the Bridge: CP40 B1/1 Eastern Main Road, South Quay. The purpose of the consultation is to share information on the proposed project and facilitate questions and comments on the project for consideration in the final designs. The meeting details and proposed plan of the works are as follows:

Meeting Details:

Topic: BRP Ph3 Pkg E CP40 B1/1 Eastern Main Road, South Quay - Public Consultation

Date: Thursday 2nd May 2024

Time: 10:00 AM La Paz
